

Ductile Iron Wave Grate to suit 8" clear opening channels

Specification: T200-PGC-WVY ductile iron grates are independently certified to meet Load Class C tested in accordance with EN 1433 56,200 lbs. 250kN. The grate length is 19.69" (.5 m). The grates utilize the patented "Clipfix" grate locking mechanism. The system (channel and grate) provides longitudinal shift protection.

LOAD CLASS C

EN 1433 - 56,200 LBS., 250kN, 1160 PSI

CLIPFIX ADVANTAGE

The MEA polymer concrete and GRP channels are designed for our universal CLIPFIX grate locking mechanism. The system (channel and grate) provides longitudinal shift protection.
